On one side we have the people who blindly defend something and on the other side we have the people who's blindly against something ....and everybody's blaming the other for giving unfair scores for different reasons.Oh well. Here's my opinion. The script and the dialougue is terrible - often cringeworthy - and the directing is bad (...and here's where people would accuse me of being a male chauvinist just because the writer and the director is female.) But if i know that the actors are great normally (Perez, Winstead, McGregor) and bad in a specific movie, the script and the directing is to blame. Robbie is the only one that manages to be somewhat decent, despite the terrible dialogue. God knows why they hired a writer and a director who's both new and without any noticeable work in their short history in movies.
